

# Crisis Intervention and Solution-Focused Case Management to Support Homeless Students and Families

*A training and networking event focused on solutions*

**Friday, December 14, 2018 from 9:30 a.m. to 4:30 p.m.**

Workforce Solutions (inside the Sunrise Mall)  
5858 South Padre Island Dr. Suite 1, Corpus Christi 78412

This free event is part of the [Safety Nets for Students and Families](#) project and will be offered in partnership with the [BCFS Health and Human Services](#).

This event will begin with an opportunity to discuss local needs and resources and strengthen collaborations to serve homeless youth and families. Then, experienced trainer Jack Nowicki will help participants apply crisis intervention principles to work with those experiencing homelessness and displacement as a result of Hurricane Harvey. The practice-oriented workshop will review an evidence-informed approach, based on the established research and models in the field. It is a clear, measurable, and client-centered perspective that counselors and case managers can use.

This training is FREE of charge and open to any interested staff from schools or community-based organizations. CEUS, coffee, and lunch will be provided.
